MOJO BARRIERS — PRODUCT DATA SHEET

Line-up Gate

The Line-up Gate is a modular gate system for Mojo aluminium barriers. It brings order to large queuing crowds at festival, stadium and venue entrances.

0.50 m

GATE WIDTH

2.28 × 1.07 m

CROWD PRESSURE

01**ENTRANCE LANES FOR LARGE CROWDS**

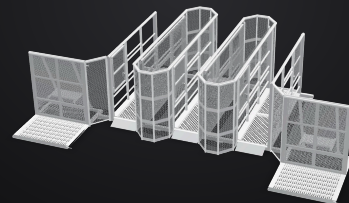

The Line-up Gate manages the ingress of large queuing crowds at festivals, stadiums, venues and similar sites. Gates can be placed at site entrances or at golden circle and VIP areas. Each unit has two small lockable doors, one at the front and one at the back.

SINGLE UNIT, DOOR SIDE

SINGLE UNIT, 3D VIEW

THREE LANES IN A ROW, 3D VIEW

02**CHECKS AND TICKETS**

The layout provides space for security checks and for ticket collection or scanning while the crowd enters in an orderly way. Security staff can also move between the queuing people.

03**DESIGNED FOR PRESSURE**

Line-up Gates are designed to remain upright under substantial pressure. They help control the flow of people into and out of cordoned and restricted areas.

FEATURES — LINE-UP GATE

- 1.** All-aluminium system
- 2.** Two small lockable doors per unit, front and back
- 3.** Floor plate sloped at the front and back

CERTIFICATION

INDEPENDENT TESTING

No separate certificate is available for the Line-up Gate. Certificates and test reports for the Mojo barrier range are listed on the certification page.

Mojo Barriers BV develops its barrier systems and has had them independently tested since 1996. Certification is carried out by independent bodies such as TÜV NORD.
